Recommendation for Borja Varona Uriarte

To whom it may concern

Dear Sir/Madam,

It is a pleasure to provide this letter of recommendation for Mr Borja Varona Uriarte (ID: 21046215L). I am writing as professor at the Dept. of Physics and as Vice Dean for Students Affairs of the Faculty of Science and Technology of the University of the Basque Country UPV/EHU. I am also the leader of the Research Group on Thermophysical Properties of Materials.

He is a good student that has passed almost all courses. His overall average mark of 6.75 out of a maximum of 10 is more than acceptable for the Physics Degree at the Faculty of Science and Technology. The average marks of the students that finished the Physics Degree in the last three courses are 6.86 (2016/17), 6.94 (2017/18) and 6.95 (2018/2019) (2019/2020 is not included due to the untypical influence of COVID19).

He showed a strong motivation to complete the Degree on Physics with special attention to Quantum Science and Technology. In conclusion, I believe that Mr Borja Varona Uriarte is an excellent candidate to be accepted in this Master Program. I remain at your disposal for any further request.

Yours sincerely,

Gabriel A. López
